Racing Name: REIKO BISHOP

Microchip: 956000012138563

Stuart is a young boy who has spent some time in foster care. He has enjoyed the company of another greyhound and has been willing to learn a lot of the resident! He is a respectful dog and has been exceptionally well behaved! He initially did not enjoy spending time outside, but learned to love it. He is very affectionate and enjoys pats from his people. Stuart is toilet trained and had no accidents in the home. He will be looking for a home where his family will shower him in toys and love. Stuart may be happy to live with children aged 10 years plus and with another medium or large canine companion.

Caleb

Age: 2 years old (whelped 13 Nov 2019)

Microchip: 956000012142132

Caleb is one cool dude! We best describe Caleb has an excitable sweetheart, he can be very affectionate and personable but does like to let his puppyish side shine from time to time! When Caleb first came to us he still had a lot to learn, and since going through our Behavioural Rehabilitation Program he has improved out of sight! We think Caleb is now equipped with the skills to thrive in a new home and he will only continue to get better as he learns more and more. We think it is best for Caleb to go to a home with another medium/large sized doggo so that he has a bestie to play with. He would also absolutely love a home with some space to run and do massive zoomies! Caleb may also suit living with children 10 years and older.

Microchip: 956000011090807

Liza is a friendly and outgoing doggo who is very excitable and has a lot of energy to burn! She is only a young girl, so she still has her puppyish nature and would love an owner who is prepared to take her for walks and throw the ball for her in the backyard. We have been doing some extra work with Liza and teaching her some house manners so she will be even more prepared for when she finds her forever home. Liza is okay to live with medium or large canine company and children aged 10 years and over. Liza has a mild heart murmur, she requires no special care for this and can be treated as normal.

Cleo is back from foster care and finally ready for adoption. Cleo is a lovely, friendly and puppyish girl who can be a little anxious at times. She is a girl who finds smaller dogs absolutely alien and she can be quite scared of them. She is looking for a home where her adopters will understand she can be terrified of other dogs and will need understanding to ensure she not forced into social situations. She feels more comfortable outside than inside so a patient owner is a must - she needs to be allowed to get used to pet life at her own pace. Cleo may be better suited to a quieter neighborhood or town and will be looking for a home with no children or small dogs.

Racing Name: CALL ME ACE

Microchip: 956000011144285

Harley's race name is pretty appropriate - we reckon he's "ace" too! Harley is an affectionate boy who enjoys pats and going for walks. He can be a bit strong on the lead when he's excited, but this is easily managed with some basic training. Harley absolutely LOVES going for a swim, and has a pretty unique splashing style! He would love to find a family where he can go swimming and to fulfill his dreams of going to the beach. Harley would likely be ok with children aged 15 years or older, and would prefer a home with a medium or large canine buddy for company.

Racing Name: SAINT JOBE

Microchip: 956000006666993

Marsh is affectionate, friendly and enjoys activity. He can be a bit hesitant when he first heads out for a walk but all he needs is a little encouragement. He is looking for a home with a large canine sister and he would suit a family with kids over 10 years as he can be bouncy at times, a backyard is ideal for him to play in. Joyful Marsh has completed his behavioural training program and he will be looking to enjoying further training in his adoptive home. He can guard his treasures (toys and treats) so this will require management in his adoptive home.

Susan is quite an active girl, she just looooves doing zoomies so we think that she would do best at a home with a backyard and plenty of room to run. Susan may be okay on her own or may enjoy another canine friend to play with and run around with and may also be okay with children 10 years and older.

Kelly is a quiet, calm and friendly girl who is good to walk on the lead and easy to have around. She may be suited to apartment living and may be happy to share a home with children aged 10 years and over. Racing Name: ZIPPING HUNTER

Microchip: 956000009592802

Look at the smiley grin on Hunter! Hunter is a sweet and friendly boy with a super positive outlook on life! Hunter is not like his name suggest, he is very personable and affectionate and loves a big cuddle. A nice soft bed and the yummiest of treats are the two things Hunter is looking for in his new home and would love a new forever family that will take him on long walkies too! We think Hunter may be okay as an only doggo or may enjoy living with another medium/large doggy friend and children 10 years and older. Hunter entered GAP with a history of an issue with his right leg, he has had no issues in our care, talk to the Adoption team to learn more about this sweet boy.

Racing Name: ZANFREY BALE

Microchip: 956000006805046

A cool name for a cool dude! Zanfrey is a super friendly fawn boy with a super positive outlook on life! He just absolutely loves people and would do anything for a pat and a cuddle and would love a new forever family to give him all this and more. Zanfrey is a big fella, so he can be a bit strong, but we've seen how smart he is and we think he will learn super quick! Zanfrey is a zoomies champion and will need a nice backyard at his new home to do all the zoomies in the world! We think he may be okay to go as an only dog or may be okay with a medium or larged sized doggo friend and children 10 years and older. Zanfrey has recently been desexed and would appreciate some quiet time in his new home.

Blg fella Matt is actually a secret softie! This guy absolutely loves leaning in for pats and he has the softest coat in the world. Matt is very sweet, personable and at times quite excitable but he is very good at controlling himself and is great to handle on the lead. Matt is such a happy boy his tail swings around like a helicopter, whoosh! Matt told us he is super excited to meet his new forever family and cannot wait to have long naps in a big soft bed. We think Matt may be okay as an only dog or may do well with some medium/large canine company and children 10 years and older. Matt would appreciate some quiet time to settle in as he was recently desexed. Matt would appreciate some quiet time to settle in as he was recently desexed, Matt has a mild heart murmur, this does not effect him and he can be treated as normal.
