**Racing Name:** HALF MOON BAY

**Microchip:** 956000012227590

Check out the smile on Miss Brooklyn! This outgoing lass has a super happy, sunny personality. Although she is four she can still act like a big puppy! Our behavioural team describe her as a "little pocket rocket" but they do stress that she calms down quickly. She would likely suit a fun loving home with children aged 5 or older. She may be fine with full time workers. She'd prefer a home with a backyard to practice her zoomies in.

## *Buddy*

**Age:** 2 years old (whelped 29 Sep 2021)

**Microchip:** 956000011780606

Bouncy, bubbly and big hearted Buddy is on the hunt for his forever home and we hope its with you! He wears his heart on his sleeve and just wants to show the world what a friendly, happy-go-lucky boy he is! We think he may suit living with children 10+ and with a backyard to spend all his "waking" hours doing zoomies and playing in. He is learning fast how to be the best boy he can be but would benefit from some understanding owners that he is still learning (he loves treat's so this should be a walk in the park!). He may be okay as an only doggo or with another play mate of any size.

## *Benny*

**Age:** 2 years old (whelped 31 Jan 2021)

**Microchip:** 956000013094182

No-one is a Goofy as Benny (or Benjamin when he is in trouble!) He has previously spent sometime getting use to living in a home and is coming along nicely in his learnings to be a pet. He loves pats, to play, loves treats and just being silly so a backyard would be best for this beautiful boy. He also may be better with children 10+ due to this size and zest for play time. He has also requested a little paddle pool in his new home as he loves to dip his toes in a splash around. We think he may suit being an only dog or living with another doggo that also likes to play and can be a bit robust - size doesnt matter though - he will play with anyone!

## *Lucius*

He extends his friendly nature not only to his fellow canines but also to older children, aged 15 and above. Lucius's endearing personality shines through his personable demeanor, making him a delightful companion. Though a sensitive soul at times, this trait only adds to his deep capacity for empathy and understanding. Lucius has a mild heart murmur, he requires no special care for this and he can exercise and bounce like any other grey when in his new home. Lucius has completed some extra behavioural rehabilitation training and is now ready for adoption!

## *Miley*

**Age:** 2 years old (whelped 10 Jan 2021)

**Racing Name:** SUNNYSIDE CLOVER

**Microchip:** 956000012967663

Little Miss Miley is as sweet and soft as they come. She looooves human attention and will lap up any that you want to give her. She would much prefer to keep all this human attention to herself though so she will be best in a home as Queen Bee. She is still learning the ropes on pet life and the big wide world so we think a quieter home with children in their teens would be best for her.

## Sweeny

**Age:** 5 years old (whelped 11 Oct 2018)

**Microchip:** 95600006119831

Sweeny still thinks he is a pup at 4 and a half years old! He is a loving boy who can be a little over excited when meeting new people, but with time we think he will settle as he has minimal experience outside of kennels. He has a lovely soft coat that makes you want to snuggle into him on those cold winter/autumn days. Sweeny has mild Pannus requiring daily eyedrops in his eyes on-going. Sweeny may suit living with or without a canine companion of similar size and children aged 10 years and older.

## Miley

Little Miss Miley is as sweet and soft as they come. She looooves human attention and will lap up any that you want to give her. She would much prefer to keep all this human attention to herself though so she will be best in a home as Queen Bee. She is still learning the ropes on pet life and the big wide world so we think a quieter home with children in their teens would be best for her.
